Diablo Community College Bookstore

Evergreen College Student Center

Napa Valley College, Upper Campus

FIRM PROFILE AND RELEVANT EXPERIENCE

O'Mahony & Myer is a 25-person electrical engineering and lighting design firm based in San Rafael, California. Founded in 1979, the firm provides full service electrical engineering and lighting design services to architects, engineers, interior designers and building owners and specializes in commercial, civic, educational and institutional facilities. In the past 28 years we have completed over 500 school projects throughout the greater Bay Area, including new construction, renovation, and modernization projects. We are proficient at engineering and designing state-of-the-art electrical and lighting systems for classrooms, libraries, science laboratories, computer labs, administration buildings, indoor and outdoor sports venues — virtually every conceivable educational facility. We are knowledgeable about the various specialty systems common to school facilities, such as video distribution, data communications, central clock/speaker/telephone systems, security, campus lighting controls, and fire alarm systems. We are adept at managing the DSA approval process, at working with Inspectors-of-Record in the field, and at implementing LEED® and CHPS (Collaborative for High Performance Schools) Best Practices.

COLLEGE AND UNIVERSITY PROJECTS

Cañada College, Amphitheater and Quad, *Redwood City, CA*
Cañada College, Fountain Lighting, *Redwood City, CA*
Cañada College, Gateways Enhancement, *Redwood City, CA*
Cañada College, Library and Student Resource Center, *Redwood City, CA*
