### FIRM PROFILE AND RELEVANT EXPERIENCE

O'Mahony & Myer is a 25-person electrical engineering and lighting design firm based in San Rafael, California. Founded in 1979, the firm provides full service electrical engineering and lighting design services to architects, engineers, interior designers and building owners, specializing in civic, commercial, educational and institutional facilities. O'Mahony & Myer has engineered the electrical systems and designed the lighting systems for more than 60 religious facilities, from cathedrals to private chapels, from synagogues to meditation halls. The following is a select list of ecclesiastical projects.
